

Optima® BASIC feather pillows

Optima® BASIC pillows offer you soft and comfortable yet very durable and robust feather pillows with two filling qualities of natural duck feathers and down. The favoured hotel quality of these pillows mean they can be laundered in a hot wash and therefore offer even greater hygiene for your guests.

Schematic diagram

Down pillow

The softness or firmness of a down pillow is determined by the ratio of down to feathers. The higher the proportion of down in a pillow, the softer it is. A higher proportion of feathers increases the support it offers.
