### Objekta® PREMIUM – Briwatherm TERRY pillows

The hollow, spiral crimped fibres of the Briwafill® filling are siliconised and woven together into a durable fabric. On the one hand, this achieves a high bulk which ensures good thermal insulation. On the other, siliconisation prevents the fibres from clumping together after washing, thus ensuring durable sleeping comfort properties for the duvet.

The casing of Briwatherm terry pillows is quilted with a Briwafill® fabric that ensures good bulk, softness and great air flow. The terry cloth casing has a high cotton content and is therefore very natural and pleasant to the skin.

### Objekta® PREMIUM – Briwatherm TERRY pillows

- Casing** Soft terry cloth, 80 % cotton/20 % polyester, quilted with high-quality brand filling Briwafill®
- Filling** High-quality, evenly cut polyether rods, 100 % polyurethane

#### BRIWATHERM TERRY Pillow

*Stitching schematic diagram*

A quilted pillow casing gives the pillow's surface an even appearance and keeps the pillow snug over time. The high tear-resistance of quilted pillow casings further increases the life of the pillow.
