Objekta® SPECIALITY PRODUCTS – TYPE 2000 FH® duvet

Fire-resistant as per BS EN ISO 12952-1 and 12952-2

The specially adapted fibres combine high resting comfort with permanent fire resistance that is not affected even by numerous washing cycles.

The material meets the strictest safety standards required for fire-resistant fabric. The fire resistance is permanent and is not affected by numerous washing cycles.

TYPE 2000 FH® duvet

Stitching schematic diagram

The stitching on a duvet prevents the filling material from moving inside the duvet, thus ensuring even warmth over the whole surface.
