Objekta® SPECIALITY PRODUCTS – IMO duvet

Fire-resistant as per BS EN ISO 12952-1 and 12952-2

The crimped, fire-resistant fibres ensure a pleasant feeling when resting. Even numerous wash cycles will not affect the fire resistance.

The plain weave fabric is permanently fire-resistant. Even numerous wash cycles will not affect this fire resistance.

The duvets meet the requirements of the Marine Equipment Directive (MED 96/98/EC) and are monitored by the Germanischer Lloyd, Hamburg, Germany. This product is labelled with the official emblem (for maritime equipment), the “ship’s wheel”. This means that the duvet is the ideal product for the shipping industry.

IMO duvet

Stitching schematic diagram

The stitching on a duvet prevents the filling material from moving inside the duvet, thus ensuring even warmth over the whole surface.
