### Objekta® SPECIALITY PRODUCTS – KARBI thermal blanket

The fabric lining ensures excellent durability.

The terry knit fabric means that the duvet retains heat well. The high cotton content has a hygroscopic effect, which means that it ensures optimum absorption of body fluids.

### Objekta® SPECIALITY PRODUCTS – KARBI thermal blanket

- Casing** Terry cloth – 80 % cotton/20 %polyester

#### KARBI Thermal blanket Stitching schematic diagram

The stitching on a duvet prevents the filling material from moving inside the duvet, thus ensuring even warmth over the whole surface.
