Rhombo-fe® Twin-topper – MATTRESS PAD

Total height: approx. 7 cm

The filling, made from down and Rhombo-fe®, gives the sensation of sleeping on a cloud and offers your guests outstanding comfort. The two-layer structure and the foam-feather combination in the bottom layer has a soft yet supportive effect.

Our new filling is surrounded by tried-and-tested cotton fabric. We use long staple mako cotton to obtain a very hard-wearing material that nonetheless offers a fine, smooth surface.

Rhombo-fe® Twin-topper – MATTRESS PAD

*Other sizes available upon request

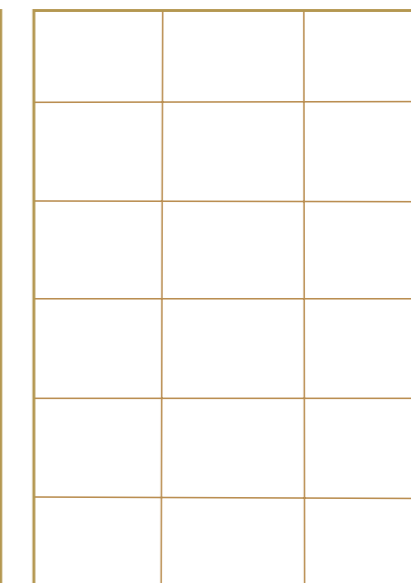

Rhombo-fe® Twin-Topper MATTRESS PAD

Stitching schematic diagram

The stitching on a topper prevents the filling material from moving inside the topper, thus ensuring even warmth over the whole surface.
