### PREMIUM Hygienic covers – HYGIENA® comfort cover

The Hygiena® comfort cover saves you from extra cleaning costs for your mattress or pillow. The waterproof polyurethane membrane provides reliable protection against any allergenic substance. The light and pleasant cover material is breathable yet impervious to mites, thus providing a fully pleasant sleeping environment. The waterproof coating on the cover is permeable to water vapour, which ensures that any fluid produced overnight due to body temperature is dissipated in the air and the mattress/pillow remains dry.

### PREMIUM Hygienic covers – HYGIENA® comfort cover

**Fabric** 100 % jersey lined with polyurethane, white, PU exterior, 120 g/m<sup>2</sup>, breathable, waterproof, can be disinfected, quiet, bacteria, virus and mite-proof, suitable for allergy sufferers, fire-resistant as per BS 7175 1989 Crib5, high hydrolysis resistance
