Optisan® PREMIUM pillows – LAVASAN® pillows

These pillows are filled with our recently developed filling, Lavasan®, and delight guests with their sensational resting comfort. The pillows are particularly popular due to their down-like feel whilst actually containing an elaborate combination of synthetic fibres and high-quality foam rods. This mix produces incredible softness into which sleepers sink like a dream. At the same time, the pillows promise full support and therefore restful sleep, so that your guests can start the new day full of energy.

Our new filling is surrounded by tried-and-tested cotton fabric. We use long staple mako cotton to obtain a very hard-wearing material that nonetheless offers a fine, smooth surface.

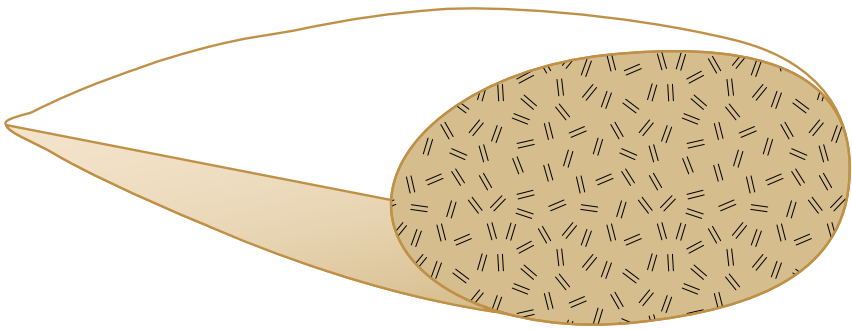

Optisan® PREMIUM pillows – LAVASAN® pillows

- Casing** Hard-wearing mako cotton twill, 100 % cotton

LAVASAN®
Pillow, non-quilted
Schematic diagram

Non-quilted pillow casings emphasise the specific comfort properties of the pillow filling. Non-quilted pillows are especially snug and breathable. They also dry very quickly.
