Optisan® CLASSIC pillows – ECCO® DREAM pillows

Cyclafill® is a filling fibre made from recycled polyester. The source material for the environmentally friendly polyester filling is recycled PET bottles. This brand hollow fibre is hard-wearing, durable, environmentally friendly, as well as being comfortable and soft. This product protects natural resources and contributes to sustainable development.

The aim of the Better Cotton Initiative is to improve the sustainability of international cotton production for people, the environment and the future of the sector. Licensed BCI farmers produce cotton in an environmentally friendly way and ensure good water and soil health, as well as taking care of natural habitats. The licence also guarantees socially responsible working conditions.

Optisan® CLASSIC pillows – ECCO® DREAM pillows

Casing 65 % polyester/35 % cotton, better cotton, with green piping
Filling Cyclafill® hollow fibre, 100% polyester
Finish Non-quilted

Schematic diagram

ECCO® DREAM
Pillow, non-quilted

Schematic diagram

Non-quilted pillow casings emphasise the specific comfort properties of the pillow filling. Non-quilted pillows are especially snug and breathable. They also dry very quickly.
